Hi Everybody
A few lines to let you know that I received your thoughtful Christmas package and it was appreciated very much. It is things like that that make things a little pleasant under circumstances that arent too pleasant. I hope everything back at school are going along smoothly. I have received a letter from Pop Maxwell a graduate of 34 - he put in over a year in Greenland, Iceland, and New-Foundland. I am at present deep in Belgium, and have gone a great distance since the day we hit the beach. The weather here is very bad with continuous rain and snow to dampen everything. We are all hoping for good weather, but of course now on the old weather will be hitting us with everything. I'll close by saying thank you again for remembering me. Good luck, and happy Christmas to you all, John Glavin
